Come and join us for a free lunch to celebrate another successful year for RSBITE, to hear about current Section and District news, and to support your outgoing and incoming officers.

**Guest Speaker:**
Carlos Ortiz  
ITE Western District Vice-President

**Election:**
During the meeting, RSBITE members will be provided paper ballots, the ballots will be tallied by the teller’s committee, and the election results announced.

**Secretary/Treasurer Candidate:**
Dr. Mohammad Qureshi

Dear Colleagues, thank you for the opportunity to run for the position of Secretary/Treasurer of the Riverside San Bernardino Section of ITE (RSBITE).

I received my bachelors and masters degrees from the University of California, Berkeley and my Ph.D. from the University of Tennessee. I currently serve as Chief of the Traffic Division at the County of San Bernardino Department of Public Works. Prior to joining the County I served as Senior Project Manager and Regional Director for LIN Consulting, Inc where I managed their Tustin office. During 17 years of experience in professional practice and academia, I have prepared numerous traffic studies and managed several PS&E projects.

My involvement with ITE began during graduate school when I served as student chapter President for both the Cal and University of Tennessee chapters. Later, I served as Faculty advisor to the student chapter at the University of Missouri-Rolla. Now, I look forward to working with our incoming officers, John and Gianfranco. As you cast your ballots, I hope you will support Mark Spencer for Western ITE Secretary and Paula Benway for International Vice-President.

**Schedule:**
11:30-12:00 Sign-In and Networking  
12:00-12:20 Lunch Served  
12:20-1:30 Presentations

**Cost:** Free! (Please RSVP for estimating attendance)

**Menu:**
The Monte Carlo Lunch includes:
- Grilled chicken breast topped with roasted red peppers, fresh basil and boursin cheese
- Garlic herb roasted redskin potatoes
- Caesar Salad
- Fresh baked rolls with butter
- Sodas/coffee/tea
- Fresh-baked warm fruit cobbler

LEGISLATIVE UPDATE: MAP-21 Reauthorization Bill Summary

This Bill builds on the success of the comprehensive reforms and performance-based approach to transportation investment in Moving Ahead for Progress in the 21st Century (MAP-21). It provides new long-term funding, giving state and local governments the certainty and stability they need to improve and develop our nation’s transportation infrastructure. These investments will create new jobs, provide a boost to our nation’s economy, and keep us competitive in the global marketplace.

PHOTO YEAR IN REVIEW

February 2014: Lunch Meeting with Mr. Doug Smith (URS) and Ms. Cheryl Donahue (Arreloans & Associates)

March 2014: Golf Tournament and Luncheon
April 2014: RSBITE x ASCE RivSB Joint Lunch Meeting with Mr. Zaki Mustafa of the City of Los Angeles

May 2014: Student Presentation Lunch Meeting
MAY SCRIBE’S REPORT

In this month’s business meeting, RSBITE continued the legacy of hosting the annual Student Presentation meeting at Bombay Restaurant in the City of Ontario. The audience was mixed with alumni, students, professors, and industry professionals making 52 in attendance. The meeting started with a welcoming remarks and announcements from President Jonathan Hofert and introductions from the rest of the attendees. The opportunity to present announcements was then opened up to all attendees, as some took this time to remind everyone of the ITE elections that are coming up.

This Student Presentation Meeting was rather unique due to the institutions that chose to participate in the competition. RSBITE had the pleasure of receiving the participation from Cal Baptist University, Cal Poly Pomona, and UCLA. All three schools competed by giving a presentation on either research studies that they conducted or design projects that they to completed.

The first presentation was given by the students from UCLA where they discussed and analyzed their finds from a parking lot study they conducted at two grocery stores located in Los Angeles. The second presentation was given by one student named Roger, where he discussed the environmental impacts that the future California High Speed Rail project will have on its surrounding communities. Lastly, the students of Cal Poly Pomona presented their design project on the improvement at the intersections of Franklin St and Railroad Canyon Drive along the Interstate 15 freeway in the City of Lake Elsinore.

All three schools gave excellent presentations and the judges were left with the tough task of ranking the schools according to their presentations. After the scores were tallied it was announced that 1st place went to Cal Poly Pomona, 2nd place went to UCLA, and 3rd place went to Cal Baptist University. Each school was able to collect a cash prize for their efforts courtesy of RSBITE. Please join us as we congratulate these schools on their winnings for giving their thought-provoking presentations. We hope to see them all compete again next year!

Daniel David
Riverside-San Bernardino Section
Scribe and Student Chapter Coordinator
This past Friday, May 23rd, the student chapter of ITE at Cal Poly Pomona hosted a banquet to celebrate 40 years of the chapter being active at the school. This event was the first of its kind and there were about 50 attendees, which included past ITECPP officers and members spanning from the years of 1984 to the present, and current students as well. The purpose of this event was to have an enjoyable reunion for the past ITECPP members, and also to give current members a bit of history of the chapter and help everyone connect. It was great to see some of the past members sporting their ITE shirts from the past, and to see all the different designs.

There were several past ITECPP presidents that were kind enough to give everyone a short presentation on their experiences with ITECPP when they were presidents. The speakers included Algis Marciuska (1985-1986), Eric Maya (2001-2003), Fredy Monge (2003-2004), Victor Ling (2008-2009), and Tony Salas (2009-2010). This gave everyone a chance to see how much ITE has grown significantly in numbers and overall as a student chapter. Then everyone played “Who Wants to be a Millionaire,” ITE style. The teams were split by table and there were seven rounds of ITE and transportation related questions. The game started off simple but soon had everyone picking their brains for some of the more specific questions. The game gave everyone a chance to participate and win some prizes.

Lastly, awards were presented to the outgoing ITECPP officers of 2013-2014 for their hard work throughout the year, and then to the advisors, Dr. Xudong Jia and Dr. Wen Cheng, who have been part of ITECPP for many years and have guided us all to become the great chapter that we are today. Everyone seemed to enjoy themselves and this may hopefully now become a tradition for ITECPP in the future, to keep connections tight and continue to help the chapter grow.

-Hector Salcedo
CPPITE President 2013-2014
